1 8 NOV 1983

MEMORANDUM FOR: Chief, New Building Project Office, OL

FROM:

Chief, Security Staff, New Building Project Office, OL

SUBJECT: Physical Security Division Position on Classified
Plain Text Distribution Systems - New Building On 16 November 1983, Project Security Officer, and Project Security Advisor, met with C/DSB/PSD, to

discuss Physical Security's position concerning the planned unprotected horizontal (use of public corridors) for the various classified plain text data distribution systems, both digital and analog. The position taken by Physical Security is that both distribution systems, horizontal and vertical, must be installed in accordance with existing standards for the protection and installation of classified plain text or be located entirely within the perimeters of a vault type room (VTR), where such standards do not apply.
